TYPE SPIII

252-2003

This Premium Automatic Transmission Fluid for Type SPIII is a superior quality formulation of high-performance base oils and carefully selected additives. These include a unique mix of friction materials for the specific pressure settings present in Hyundai and Kia automatic transmissions which helps promote optimum shift quality.

This product is chemically balanced to provide protection for seals and “O” rings against corrosion, rust and wear as well as resistance to oxidation to prolong the life of the fluid.

Use this Premium Automatic Transmission Fluid for Type SPIII when Type SPIII automatic transmission fluid is required for Hyundai, Kia and other make vehicles.

Always check owner’s manual for proper application.
