

Wheel End Seals

Gold 38 Series

National® is known for creating the industry's best-kept secret, the Gold 38 Series, made in the United States with an exclusive PTFE compound that withstands extreme temperatures. The Gold 38 Series also includes a unique exclusion design to keep contaminants at bay. Choose National wheel end seals, and move on.

- (A) Patented PTFE Lay-Down Bi-Directional Sealing Lip maintains constant sealing during wheel movement
- (B) Four floating points of contact and bumper pad that inhibits contaminant entry into the hub
- (C) SURE-LOCK I.D. rib technology firmly grips shaft and provides superior contaminant exclusion
- (D) Metal O.D. maintains position on hub bore
- (E) A unitized shield prevents damage to PTFE oil sealing lip and provides structural integrity
