

New Red 375 Series Wheel End Seals

NOW AVAILABLE FOR SPECIFIC APPLICATIONS

**DYNAMIC
EDGE**
TECHNOLOGY

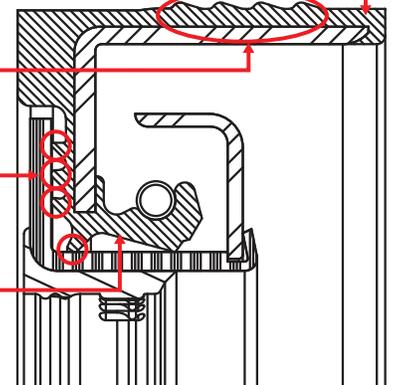

+

Introducing the latest addition to the National[®] DYNAMIC EDGE[®] oil seal line – the Red 375 Series featuring application-specific hand installable design. The DYNAMIC EDGE[®] innovative technology is engineered to deflect dirt and moisture away from wheel end components. The new hand installable feature eliminates the need for an installation tool, making the job faster and easier.

DYNAMIC EDGE[®] FEATURES

1. Long lead-in pilot to aid initial installation
2. Unique four-rib sawtooth profile for easy install
3. Four floating points of contact deflect dirt and moisture
4. Same rubber used in Red 37 Series but now configured for easier installation

Installation as easy as:

1 Lubricate

2 Align the seal

3 Push down to install

Now available in the five most popular part numbers:

375001A

375023A

375065A

375003A

375025A
