

NEW

SHINE LIKE YOU OWN THE NIGHT

INTRODUCING A NEW RANGE
OF CHAMPION LIGHTS

YOU KNOW CHAMPION FROM OUR
PLUGS, WIPERS AND FILTERS.
**BUT NOW YOU'LL LOVE US FOR
OUR LIGHTS.**

- 104 references
- Long lifetime line
- More light +50 +100
- Blue light
- Shock proof 24V range

OE MATCHING QUALITY. TOP OF THE LINE.

The vast majority of Champion's new lighting range is designed and developed in Germany. A full range with German efficiency. A winning combination.

POWERFUL LIGHTS. DURABLE QUALITY.

Your customers want great lights for a great price. Premium but not expensive. Well, that's exactly what we offer them. 100% of our bulbs are tested before leaving the factory.

A COMPLETE LIGHTING RANGE.

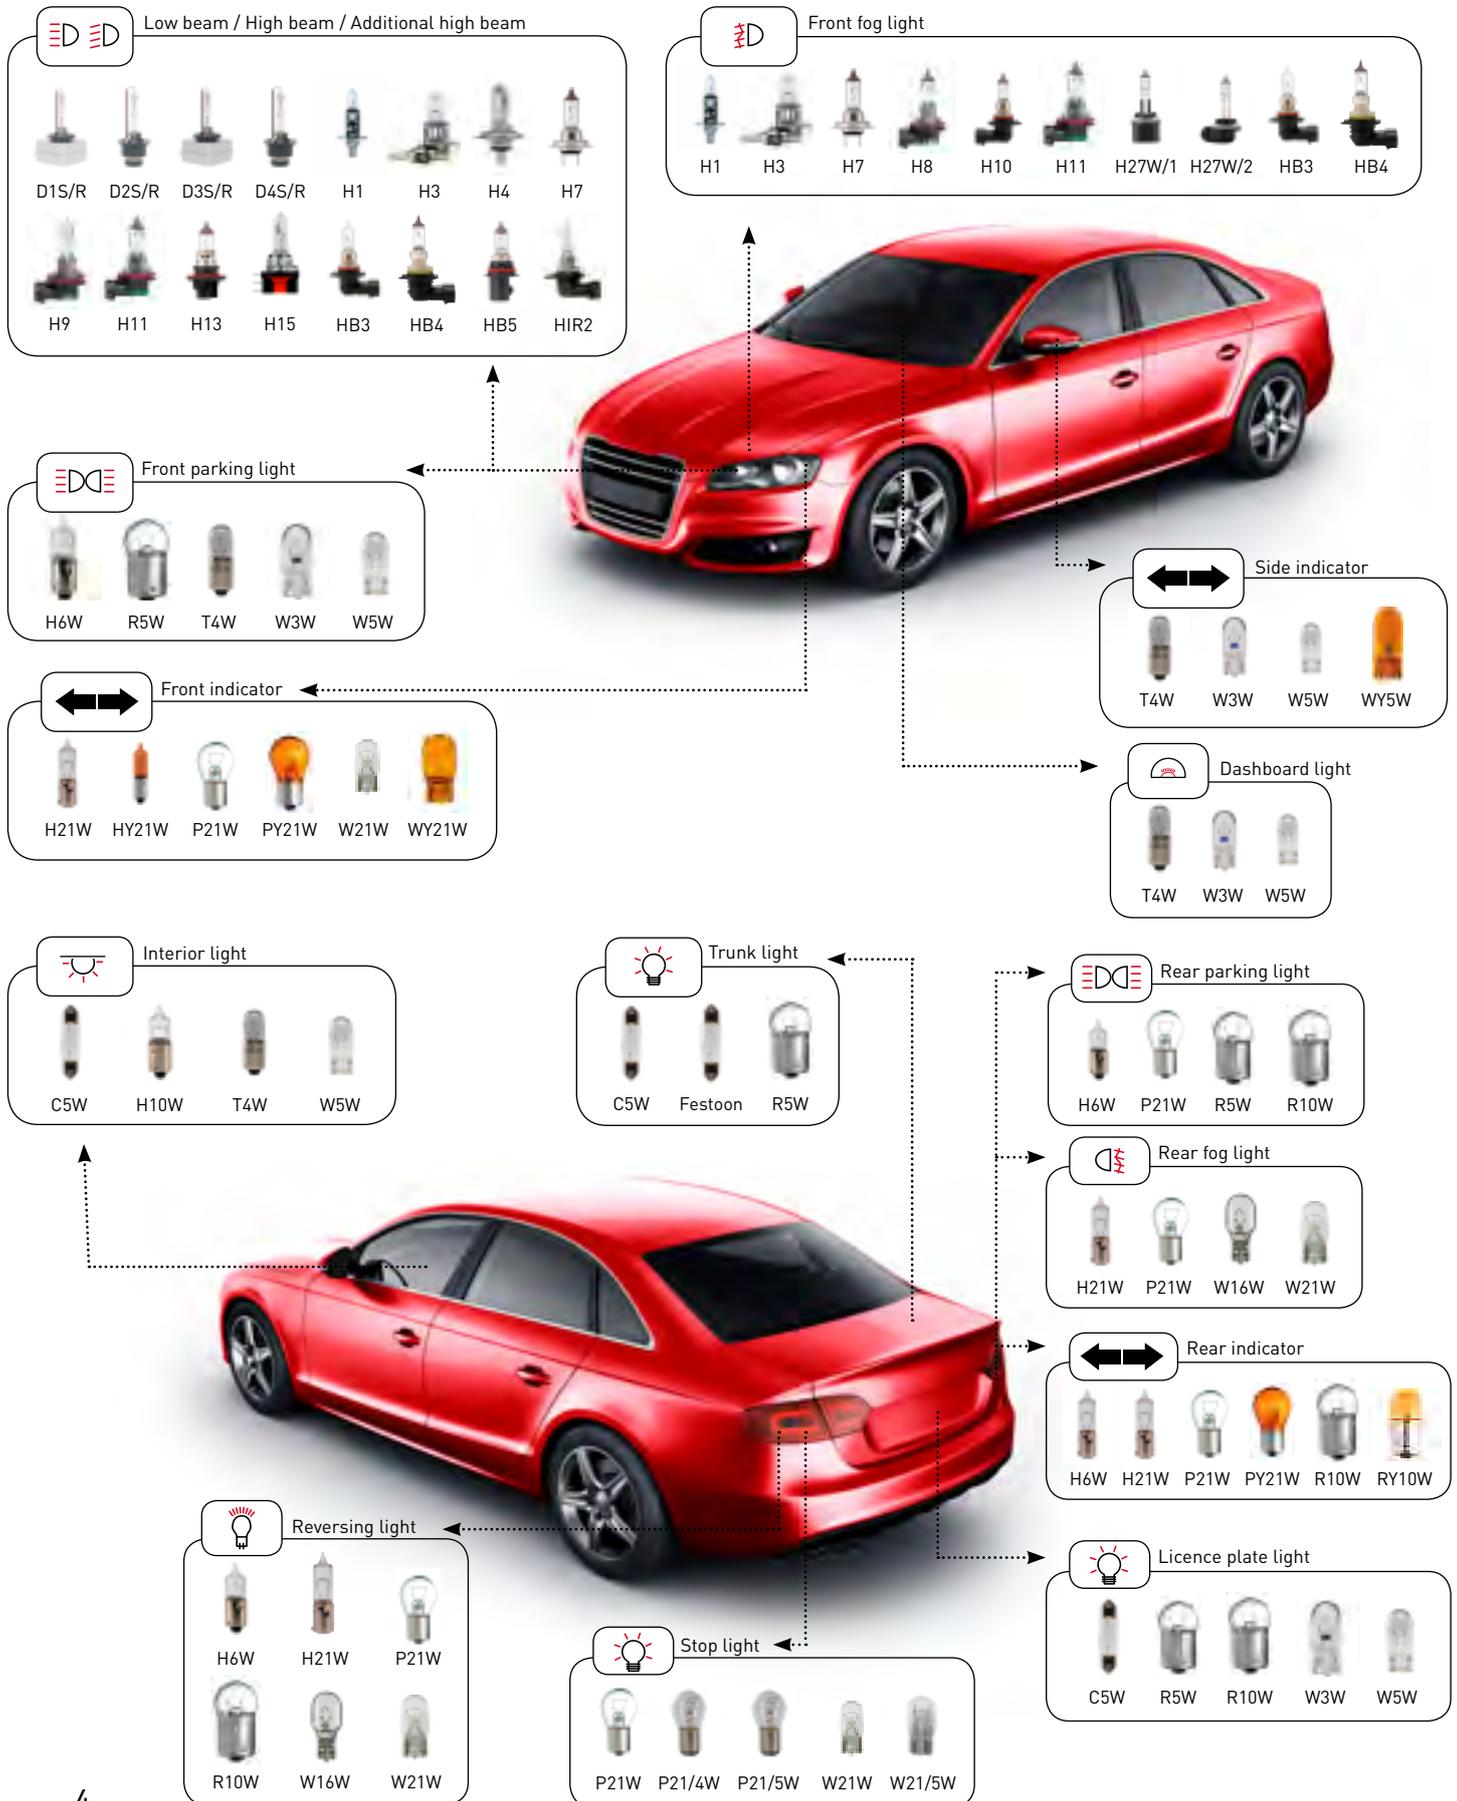

A reverse indicator. A cool interior light. Or perfectly processed halogen headlights and Xenon headlights for increased brightness, making you shine like you own the night. We've got them all.

CHANGING YOUR LIGHTS IN TIME? A BRIGHT IDEA THAT BOOSTS YOUR SAFETY.

Champion halogen headlights are processed to last for a very long time. But you don't have to wait till your headlights or rear lights break or burn out. Because the older lamps get, the weaker the light they'll produce. Which means less safety for you and your passengers. So drive safe. Make your lights shine bright: change them in time.

A COMPLETE 12V QUALITY RANGE

XENON HEADLIGHTING MORE THAN JUST A BRIGHT IDEA

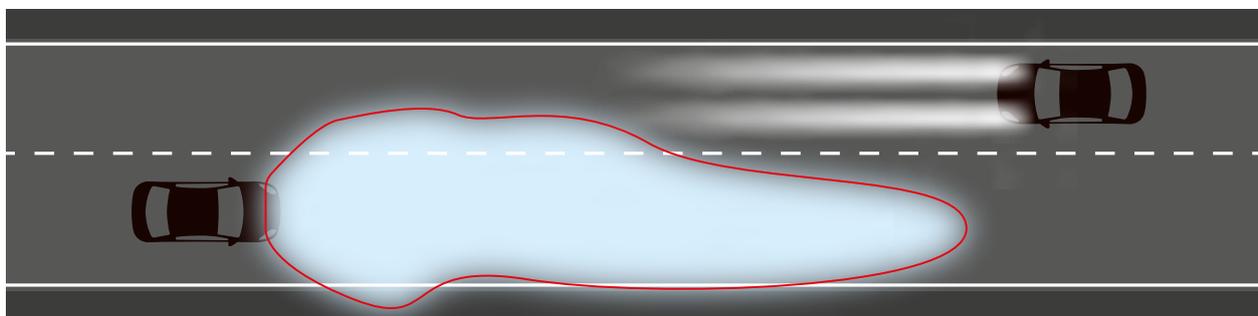

When you increase brightness, you increase safety. The Champion Xenon (HID) headlights are similar to daylight and thus really improve your field of view and visibility. So obstacles, road markings and signs get quickly detected. While the occurrence of dangerous situations get reduces considerably. Shine bright like you own the night.

WHY CHOOSE CHAMPION XENON (HID) HEADLIGHTS?

Xenon (HID) headlights simply are headlights of the highest quality. And it's the perfect light if you do a lot of driving at night. Or on highways that are not so brightly lit. When you buy Champion Xenon (HID) headlights you get:

- ▶ A bright white light with a **beautiful blue tint**
- ▶ **Additional safety:** in the dark you confront every traffic situation head-on
- ▶ A **wide and bright light** that doesn't interfere with upcoming traffic
- ▶ A light that **burns longer**, lasting almost the lifetime of your car
- ▶ **Optimal driving comfort**

Category	Voltage V	Wattage W	Socket type (Cap)	EAN code	Packaging units 	Champion ref.	Installation spot

HALOGEN HEADLIGHTING **GREAT PERFORMANCE AND A LONG LIFETIME**

Headlights determine the field of view, visibility and road safety. If you combine high performance with absolute reliability you get Champion headlights. Perfectly processed headlamps with a long lifetime. For excellent visibility and road safety.

OUR HALOGEN HEADLIGHTS RANGE. TAKE YOUR PICK.

The standard halogen headlight is a reliable all-round solution. Next to this, there are three upgrades to choose from. There is always one that perfectly fits your needs:

12 VOLT

L

LONG LIFETIME

Halogen headlights are perfectly processed and therefore very reliable. If you're looking for comfort and peace of mind and you want headlights with a longer lifetime, then this is the range for you.

+50
+100

MORE LIGHT

You get to choose between +50 and +100. The number refers to how much more light you get. More light means more safety on the road. It's that simple.

+50

+100

B

BLUE LIGHT

Don't want to settle for white headlights? This range offers you a beautiful blue light, similar to Xenon. And yes: it leaves quite an impression on the road.

24 VOLT

L

(S)

LONG LIFETIME AND SHOCK PROOF

The 24V version of long lifetime bulbs are also shock proof.

SIGNALING AND INTERIOR LIGHTING **WHEN QUALITY TAKES THE RIGHT TURN**

The signaling and interior lamps from Champion increase safety and provide comfort. Indicator, stop, reversing and fog lights let you communicate directly with other road users. While reading lights, glove compartment and trunk lighting offer a sense of orientation and comfort.
