CITROËN	C4 CACTUS	09/14 →

MOOG's range of steering and suspension components even covers vehicles launched less than 2 years ago like the Citroën C4 Cactus.

Challenge

MOOG supports installers and distributors in their ambition to give its customers the best service in the market. Fast and complete availability of steering and suspension parts is vital for optimized customer satisfaction.

MOOG keeps on investing in its range of parts for a maximum of makes - without compromising on quality and delivery times.

Easy Solutions

In keeping with our commitment **to provide the most comprehensive coverage**, the Citroen C4 Cactus is one of many examples of a vehicle launched under 2 years ago and we have available all the steering and suspension components.
